Hi Dee,

Our respective supervisors spoke this morning and I have clear instructions to make Wilson Peak a top priority. I will move forward with what I can. Below is a checklist of what I need from you to complete the application packet.

* My understanding is that the map changes I recommended in my Feb. 4 message have been made, but I don't have the improved map yet in my file. Would you please forward that as soon as it is ready?

* Per my Feb. 3rd message, please forward the following documents as soon as they are ready:

- o A signed Land Description Verification form
- o The Withdrawal Revocation Request form, amended as noted

* Regarding that same Feb. 3rd message, please let me know if you have any objections to the red-lined changes I made to the DRAFT Information Memorandum.

* Finally, the NEPA documents addressing the withdrawal (EA, FONSI, Decision or similar) need to accompany the revocation request. Would you please send them as a single PDF?

*

As always, thank you for your continued cooperation in conducting this process.

Thank you!

Respectfully,
